Pable Fabric

are sustainable fabrics made from textile and plastic waste. The mix between the two creates 12S yarns that we weave manually.

The colour from each Pable fabric is heavily determined by its resources. It implies the color from any Pable product is inconsistent because it is influenced by the dominant shade from some specific colors.

SLIP-ON VS STRAP-ON

KAMU TIM YANG MANA?

Sandal Cortica dengan fitur **2 in 1** (Slip-on & Strap-on) seperti model Safra dan Ulva dirancang untuk memberikan fleksibilitas dan kenyamanan dalam pemakaiannya.

MODE SLIP-ON

- Kamu bisa langsung mengenakan sandal tanpa harus mengikat atau mengencangkan strap.
- Cocok untuk pemakaian santai atau kegiatan sehari-hari yang tidak memerlukan banyak pergerakan.
- Lebih praktis dan cepat saat digunakan.

MODE STRAP-ON

- Sandal dilengkapi dengan strap yang bisa dikencangkan untuk memberikan kestabilan lebih pada kaki.
- Cocok untuk aktivitas yang lebih dinamis, seperti berjalan jauh atau berkendara, karena kaki akan lebih terpasang dengan kuat.
- Mencegah sandal lepas saat bergerak aktif.

Dengan fitur ini, sandal Cortica bisa digunakan dalam berbagai situasi, baik untuk kenyamanan sehari-hari maupun saat dibutuhkan untuk aktifitas yang lebih aktif.
